Red Roan Stallion, Born 06/03/09
Herda N/N • In Australia June 2010

"A Pink Panther is the result of years of looking for a top son of Peptoboonsmal. Peptoboonsmal is a horse that I have admired for many years, but I have had trouble finding a son of his with the right conformation to suit the Australian industry. This horse is out of a daughter of High Brow Cat from one of the greatest families of all time in America. I am very confident that he is going to make a big impact in the industry." - Richard Bull

A Pink Panther is impeccably bred. He is a son of Peptoboonsmal - #3 Cutting Sire in the United States - with \$15 million in progeny earnings and sire of three NCHA horses of the year. Peptoboonsmal's leading performers include Little Pepto Gal (\$515,000) Copaspepto (\$389,000) and One Time Pepto (\$331,000). He also sired the dam of current horse of the year Metallic Cat (\$638,000).

A Pink Panther's dam All That N Cat has \$50,000 in winnings and is full sister to winners of over \$1 million including That Sly Cat (\$100,000), Hocus Pocus Cat (\$164,000), Pappion Cat (\$380,000) and That Cool Cat (\$266,000). All That N Cat's dam That Smarts is one of Smart Little Lena's top producing daughters. All That N Cat's sire High Brow Cat is the #1 Cutting Sire of All Time in the United States with \$37 million in earnings.
